

ARCHITECTURAL FINAL INSPECTION FORM

Name: _____

Address: _____

Phone: _____

Project Description (Brief): _____

Final inspection of the completed project is required by the ARC Committee to make sure the project has been completed as originally proposed and approved by the ARC. If there are changes to the original plans after the initial ARC approval the ARC should be notified ASAP. Significant unauthorized changes after initial approval could result in serious consequences up to a request to remove anything done that was not authorized.

Submit this form to the ARC Committee when the project is complete and a final inspection will be made. The project is not considered finished with final approval until this form is complete with an approval.

Approved-Signed by ARC _____	Date _____
Disapproved - Signed by ARC _____	Date _____
