We had a good turnout for the wash today. Not everyone was in the wash. Bob F. and Dick continued to work on the street signs. Larry and Don pretty much finished up the irrigation behind Blue Fox. They found the obstruction and were able to get everything working. Some minor fitting problems which will be taken care of Tuesday. We have a tree issue that we will take care of behind Blue Fox and the wash crew can probably handle that also on Tuesday. Lee, Bob M., Bill, John and Jim worked on the wash.

Tuesday 3/7/17 16 hours

Wow we made hay today. Larry and Don finished up behind Blue Fox this morning. Bob M., Jim, Mark, Lee, Dewaine and Dick finished all of the wash trimmings and hauled everything to the dumpster and Hot Desert will take care of it for us.

Friday 3/10/17 12 hours today.

Marty came back today. It was nice to see Marty and it was an easy day. Mark sharpened some chains and Bob Fillion, Bob Muldoon, Lee, Jim, and Denny cleaned up some dead cactus behind Blue Fox and some other debris behind Viva and we called it a day. Sharon Toborg officially took over the fountain this weekend and Bob Muldoon has taken over the Nature Park. Thank you that is a big job and an important one.

Tuesday 3/14/17 12 hours

A big thanks to Mark, Larry, Lee, Marty, Bob, and Dewaine. They got all of the furniture back to the office and got it all in the right spot. Then they cleaned up the Texas Ranger on Cuple and had Hot Desert finish up. They also worked with Hot Desert to clean up some cactus along Encino. Hot Desert continues to be very supportive of our grounds crew.

A big thanks to Lee, Larry, Bob M., John and Jim for a good day of trimming behind Blue Fox. Larry trimmed out a bunch of Mistletoe and the rest of us cleaned up some more dead cactus and dead branches. We may have some more chipping to do. A big thanks to Sharon Toborg for taking over maintenance of the fountain. We have more Blue Fox on Tuesday and Mark would like to do the painting on Tuesday. Save us some time.
