Lee, Bob M., Don, Dick and Jim trimmed a bunch of branches behind Viva. Dick and Don trimmed up some Palo Verde branches for the chipper and cut up some firewood. There are some more Palo Verde branches to trim up and some firewood to cut up also. We will try and finish up the wash and the trimming behind Viva on Tuesday.

Mark, Lee, Bob M., Bob F., John, Hal and Jim almost finished up behind Viva. Just a little more trimming. There is some firewood to cut up at the dumpster, but that is about it for Viva. Good job today. No chipping Friday but could use some one to cut up the firewood.

Good day today. Mark, Lee, Hal, Dick, Jim, Don and Larry. We finished everything behind Viva that we had originally intended to do. Dick finished cutting up the firewood.
