

May 2018 Grounds Board Report

May grounds 2018 102 hours and we had 14 volunteers this month.

Tuesday 5/01/18 12 hours

Denny hung some brackets for the pole saws. John K., Bob M., Larry, Lee and Mark hung some wire to discourage the Raven nest builders. They spent the rest of the time working on the flag pole, installing a new pulley and a new light.

Friday 5/04/18 8 hours

John K., Lee, Bob M., and Mark got the irrigation checked behind Nardos and Viva. Mark and Lee are going to the nursery Monday to buy a few plants with the hope that HD (Manny) can get them in the ground on Tuesday. They are starting earlier as things are heating up. Looks like only Mark, Lee, Bob M., Sharon, and Ron and Bob Murray are the only ones left.

Tuesday 5/08/18 28 hours

Wow Big day today. Mark, Bob M., Vic, Rick F., Bob F., Hal, and Lee worked from 7 to 11 on raising stop signs. Mark thinks they will do more signs on Friday.

Friday 5/11/18 8 hours

Ron mowed the Nature Path really windy. Bob M., Lee and Mark cleaned up Park 9 that is behind Lee's house. Then they removed Judy's cactus to be planted later probably Tuesday with a couple more donations.

Tuesday 5/15/18 6 hours

Mark, Bob M. and Lee. Put some more plants in and around Rio Fuerte wash.

Friday 5/18/18 16 hours

We had some Javelina dig up a barrel cactus we planted at Rambles and Fuerte. Think they were going for some grubs? We decided to add a rock there instead. Lee did come today, so Bob, Lee and I planted that cactus down by the entrance to the park. We had about 8 man hours today and I will have about another 8 this week with the other stuff I am doing. Bob M. weed whipped the common area behind Wolf Run.

Week of 5/21/18 9 hours so far.

I spent 3 hours working on the Nature Path this morning. I took the ATV and trailer and filled it with branches that had grown over the Path. I also raked the exercise areas and benches. Lee and I are starting at 6:00a.m. tomorrow and will paint the inside of the rosettes at the entrance before it gets too hot! We will paint fences at Rio Fuerte entrance when all the landscaping is finished there.

Friday 5/25/18 6 hours

Bob and Lee did some trimming, fixed an irrigation leak, planted some cactus at the Rio Fuerte entrance and checked out a pack rat nest.

Tuesday 5/29/18 9 hour

Mark, Bob and Lee moved some agave plants for Joe Barton and transplanted a saguaro donated by Bonnie Delvaux in honor of Ron. Joe is going to donate a bench at the Rio Fuerte entrance.
