Hi Rick -

Here's Readers Digest version of report for September. Full report to follow.

1. House maintenance: **All but 2 of the outstanding house maintenance notices that were due in September were completed as of the Fall inspection.** (pretty good). Of the 2 late ones, one had been partially addressed.
2. 69 New notices were mailed out including the 2 late ones.

---

4. We received 2 architectural requests in September, both from Valley Assistance Services.

That's all for this past September.

Best Regards

A
