Grounds Report – October 13, 2026

Volunteer hours 76
Yards removed 33

I worked with the grounds crew.
Bruce and I attended an 8-hour Firewise training class at one of the fire stations here in Green Valley. We are now certified to do Home Ignition Zone Assessments.
I spoke with Sutler Landscaping and approved the quote to remove the 6 dead pine trees from the front of the entrance.
The pine trees were cut down on September 6th.
I received landscaping requests from two residents, and both were resolved.

Jim Clausen
Grounds Chair
